Prominent Social Event
at Barberton.

Special Elections are Coming
So Fast

That the Saloon Keepers Make a Complaint—Barberton News.

(Special Correspondence.)

Barberton, April 20.—All the musical dilettanti of Barberton attended the concert given by the Chorus club at the United Brethren church last evening.

It was the club's initial appearance and was a social and financial success in every detail. Too much praise can not be given to Mrs. E. E. Baker, directress of the club, who has worked tirelessly for several weeks.

In short the concert last night marks an epoch in the social affairs. It was the corner stone of the musical structure that promises to be erected.

The fact was established that there is enough good material to make the club permanent and it is hoped their concerts will come more often.

Mrs. Lizzie Davis Donnelly sang Ardit's waltz and was applauded to the echo, and responded to an encore. She possesses a rangy, clear soprano voice and was awarded the honors of the occasion. Miss Nina Belford sang "The Journey is Long," and acquitted herself admirably well. In fact each number on the program was well received as was evidenced by the vociferous applause.

The saloon keepers are indignant. Mayor McNamara, according to law, has issued the usual proclamation to close the saloons Saturday on account of the election on the school bond question. This is the saloonists' biggest day, but tomorrow it would even be better because all the shops pay. They have held several conferences, but have not decided what to do about keeping open.

It is safe to say, that at least half a dozen will not close, and will stand a suit if arrested. Some are inclined to think that it is not election because no candidates are running for office. Those of that opinion, however, are in error according to the lawyers.

Jack Welch told a pipe story to Marshal Ferguson and Night Marshal Colton at 9 o'clock last night to the effect that he had been touched of a ten dollar note. It is this way, he says: He went into a saloon with Fred Gilligan, ordered some liquor, laid down a ten dollar bill to pay for it and after they had gulped down the booze, the bartender said, "Where is the pay for this?" Welch said the money was gone and wanted the authorities to look the matter up and make arrests.

The conference held yesterday by Mr. Clause, president of the Columbia Chemical Co., and W. G. Johnson, member of the State Board of Public Works and State Engineer C. E. Perkins resulted practically in a contract being made with the state by the 8c Ash people for the use of water from the canal. The plan at first was to get the entire water supply from Wolf Creek, but with the second plant, that creek's water supply will be insufficient.

The Y. M. C. A. will have the second team of the village, with Fred Weller as manager and Lynn St. John as captain. They have written to the Buchtel College Preps for a game a week from Saturday but have not received a reply. No time is being lost in picking up good timber for the first team. Mr. St. John said yesterday that they would have a full team very
